**DIRECTORATE RESPONSIBILITIES & DIRECT REPORTS**

This role covers the Respiratory Outpatients in the Hawke’s Bay District Health Board (HBDHB)

Staff reporting
- 0-Direct
- 0-Indirect

**PURPOSE OF THE POSITION**

Registered nurses utilise nursing knowledge and complex nursing judgment to assess health needs and provide care, and to advise and support people to manage their health. They practise independently and in collaboration with other health professionals, perform general nursing functions, and delegate to and direct enrolled nurses, health care assistants and others. They provide comprehensive assessments to develop, implement, and evaluate an integrated plan of health care, and provide interventions that require substantial scientific and professional knowledge, skills and clinical decision making.

Within the respiratory Outpatient area, you will contribute to the smooth day to day running of this high turnover outpatient area, attending to all patients who enter the department. You will prepare for clinics, assist the Respiratory Physicians as required during clinic, and follow-up any ongoing management needs.

Registered nurses are accountable for ensuring all health services they provide are consistent with their education and assessed competence, meet legislative requirements and are supported by appropriate standards.

**KEY DELIVERABLES**

The Registered Nurse will practice in accordance with the Nursing Council of New Zealand Code of Conduct and competencies for a Registered Nurse.

The Registered Nurse will utilise their nursing knowledge to:

- Demonstrate knowledge & judgement & is accountable for own actions and decisions, while promoting an environment that maximises health consumer safety, independence, quality of life and health.
- Undertake nursing assessments, care planning & evaluation of the health consumer’s care, which is responsive to their needs, and which is supported by nursing knowledge, patient safety tools and evidence based practice.
- Demonstrate effective & therapeutic communication with health consumers & all team members which is clearly documented.
- Evaluates the effectiveness of care & promotes a nursing perspective within the activities of the team.
- Provide evidence based health education and advice to patients and whanau to enable them to make health choices suitable to their needs and be self-managing.
- Ensures documentation is accurate and maintains privacy, including use of assessment and acuity tools e.g. TrendCare.
- Demonstrates responsibility for supporting the learning of others e.g. new staff, graduates, nursing students, within the clinical area.
- You may be assigned additional portfolios within this role and these will be mutually agreed between yourself and your manager.
- Engages in professional development and ongoing maintenance of continuing competence with a professional development recognition programme (PDRP) portfolio.

**HEALTH & SAFETY RESPONSIBILITIES**

HBDHB is committed to maintaining and promoting the health & safety of all its staff, contractors, volunteers and patients. In this role, your duties are:

- Not to do anything that puts your own H&S at risk
- Not to do anything that puts others H&S at risk
- To follow all health and safety policies and procedures
- To follow all reasonable health and safety instructions

(You have the right to cease work if you believe that you, or others, are at risk of serious harm).
