**DIRECTORATE RESPONSIBILITIES & DIRECT REPORTS**

This role covers the Renal service in the Hawke’s Bay District Health Board (HBDHB)

Staff reporting
- Direct: RN, Renal Physiologist, HCA
- Indirect: N/A

**PURPOSE OF THE POSITION**

To support the Renal Manager with delegated operational management and professional activities of the Renal service with the Directorate Leadership Team and other relevant managers. This includes:

- Clinical support and expertise to enable an effective daily operation of the renal service.
- Ongoing responsibility for human resource activity which includes safe staffing, rostering, annual performance reviews, peer review for nursing PDRP requirements, annual and sick leave management
- Provision of direct clinical care as required
- Provides clinical leadership for staff and assists with coaching and supervision for both new and experienced staff.

**KEY DELIVERABLES**

Contributes to delivery of safe and effective services in partnership with clinicians

- Maintains a safe environment for patients, staff and the public
- Service delivery and capacity is managed within available resources
- Standards of care are assured and documented
- Build effective relationships with clinical teams within the department and across other departments

**Safe staffing and staff management**

- Participates in staff recruitment to maintain safe staffing levels within department
- Ensures staff are competent, motivated and appropriately trained (including all mandatory training) who are focused on providing the best possible patient care by agreeing accountabilities and standards of performance and regularly providing feedback, taking corrective action as appropriate and acknowledging good performance
- Contributes to team annual performance review and competence as evidenced by a currently assessed nursing portfolio via the approved Professional Development and Recognition Programme (PDRP)
- Contributes to leave management requirements (annual & sick leave) ensuring appropriate coverage to ensure staffing levels are maintained
- Ensures rosters are compliant with the DHB/NZNO/PSA MECA requirements
- Supports staff as delegated on return to work programmes with Occupational Health
- Supports Renal manager to ensure nursing staff maintain APC’s and are supported to demonstrate competencies via the nursing professional development and recognition programme (PDRP)
- Supports clinical placements for undergraduate nursing students throughout the academic year

**Quality systems**

- Supports compliance of systems to facilitate continuity of quality patient care, during the patient journey
- Supports the Renal Manager as delegated with event and complaints management
- Implements and contributes to quality initiative requirements including audit and evaluation
- Participate, guide & lead monthly QA, MDT, SMT & staff meetings
- Support home therapy service (Home haemodialysis & Peritoneal Dialysis)

**HEALTH & SAFETY RESPONSIBILITIES**

HBDHB is committed to maintaining and promoting the health & safety of all its staff, contractors, volunteers and patients. In this role, your duties are:

- Not to do anything that puts your own H&S at risk
- Not to do anything that puts others H&S at risk
- To follow all health and safety policies and procedures
- To follow all reasonable health and safety instructions

(You have the right to cease work if you believe that you, or others, are at risk of serious harm).
### Key Working Relationships

**INTERNAL**
- Renal Manager
- Nursing & HCA team within department
- Directorate Leadership team
