Date	April 2025		
Job band (indicativ	Health NZ / NZNO CA, Senior Designated Nurses Scale Grade 2 gross per annum according to qualifications and experience pro rata for hours worked		

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

- 1. The health system will reinforce Te Tiriti principles and obligations.
- 2. All people will be able to access a comprehensive range of support in their local communities to help them stay well.
- 3. Everyone will have equal access to high quality emergency and specialist care when they need it.
- 4. Digital services will provide more people the care they need in their homes and communities.
- 5. Health and care workers will be valued and well-trained for the future health system.

Te Mauri o Rongo – The New Zealand Health Charter

The foundation for how we ensure our people are empowered, safe and supported while working to deliver a successful healthcare system, is Te Mauri o Rongo – the New Zealand Health Charter. It guides all of us as we work towards a healthcare system that is more responsive to the needs of, and accessible to all people in Aotearoa New Zealand.

It applies to everyone in our organisation and sits alongside our code of conduct as our guiding document.

Te Mauri o Rongo consists of four pou (pillars) within it, including:

Wairuatanga – working with heart, the strong sense of purpose and commitment to service

Rangatiratanga – as organisations we support our people to lead. We will know our people; we will grow those around us and be accountable with them in contributing to Pae Ora for all.

Whanaungatanga – we are a team, and together a team of teams. Regardless of our role, we work together for a common purpose. We look out for each other and keep each other safe.

Te Korowai Āhuru – a cloak which seeks to provide safety and comfort to the workforce.

These values underpin how we relate to each other as we serve our whānau and communities.

Together we will do this by:

- caring for the people
- recognising, supporting and valuing our people and the work we all do
- · working together to design and deliver services, and
- defining the competencies and behaviours we expect from everyone.

About the role

The primary purpose of the role is to:

- To be a clinical expert who is responsible for the provision of nursing care for the Wairoa community. Services are to be provided across the health sector, in multiple venues, with an emphasis on supporting vulnerable communities and individuals to improve equity and health outcomes.
- To provide specialist nursing care, expertise and leadership that ensures services to clients are provided in the most effective and efficient way. This will be in both direct care delivery and in support to other health professionals in the management of people across the lifespan and continuum of health care.
- To work within and provide coordination of the community integrated care team.
- To work in partnership with General practice, Community Providers, NGO and Iwi providers, and hospital services to improve access and health outcomes the people in Wairoa.
- To ensure the most effective use of resources for patients with complex health care needs, including preventing unnecessary acute hospitalisation; identification and monitoring through acute episodes of care; facilitating discharge to a home environment or ongoing care; and working closely with primary care and whanau to promote engagement and wellbeing.
- To achieve optimal wellbeing and functional independence in a community context and ensure that services delivered are equitable and accessible for Māori.

This role includes:

- Care provision across the health sector within a rural community setting, that includes: a home environment, a clinic setting, community and primary care services, and within the hospital OPD and inpatient wards.
- Works in a rural hospital and health care setting, with strong working relationships with the community and primary care health providers within Wairoa.
- It may be required that this position will need to assist with staff cover on the acute ward due to the challenges of provide a safe roster in this rural setting, or in times of critical events.

Key Result Area	Expected Outcomes / Performance Indicators		
Deliver safe & effective services	 Provides specialist care, expertise and clinical leadership which includes advanced assessment, planning, nursing interventions and evaluation through nurse-led clinics and other relevant patient contacts. 		
	 Require advanced knowledge and skills in the assessment, treatment, and management to provide culturally appropriate and quality care that will improve equitable access and health outcomes for Māori. 		
	Demonstrates provision of culturally safe practice and a confident approach to partnership, with health consumers and their whānau.		
	 Provide evidence based expert health education and advice to patients and whānau to enable them to make health choices suitable to their needs and be self-managing. 		
	Build effective relationships with clinical teams within the health centre and across other relevant health providers.		
	 To provide clinical advice and support for the clinical staff within the integrated care team & discusses / refers to SMO as required / Allied Health and/or General Practice teams as required. 		
	 To provide support and mentoring to the nursing team, providing guidance on evidence-based practises. 		
	 Work to ensure that services delivered are equitable and accessible for Māori and Pacifika and respond to the equitable distribution of healthcare beyond traditional models of care. 		
	 Provide health services that are consistent with your education and assessed competence, which meets legislative requirements and are supported by appropriate standards. 		
Quality systems	 Demonstrates responsibility and risk management to provide specialist care that meets standards of service provision for the specific population. 		
	 Supports quality initiatives, contributes to specialty knowledge to facilitate continuity of quality patient care, during the patient journey, maintaining a commitment to endorsing Te Tiriti o Waitangi in all practice. 		
	 Is open to new ideas and create a culture where individuals at all levels bring their ideas on how to 'do it better' to the table. Models an agile approach, tries new approaches, learns quickly, 		
	adapts fast.		
	 Develops and maintains appropriate external networks to support current knowledge of leading practices. 		

Standards of care are assured and documented.

	 Supports practice innovation, new technologies, processes, procedures that will enhance the community integrated care team model of care. Takes all reasonably practicable steps to eliminate, mitigate and report risks and hazards in the workplace that could cause harm, placing employee and others' health, safety, and wellbeing centrally, alongside high-quality patient outcomes. You may be assigned additional portfolios within this role and these will be mutually agreed between yourself and your manager.
Professional Development	 Engages in professional development and ongoing maintenance of continuing competence with a Professional Development Recognition Programme (PDRP) portfolio at an expert level, evidenced within 12 months of commencing within the role. Supports rural health knowledge and skills of nurses and general medical teams across the community, promoting best practice, providing and co-ordinating ongoing workforce development opportunities. Supports Registered Nurse community prescribing programme within the Wairoa area. Fosters and participates in peer review and reflective practice processes. Maintains and develops expert clinical best practice knowledge relating to rural health care, and promotes this across the sector and the Central Region networks. Facilitates / engages in educational activities with colleagues sharing expert knowledge. Demonstrates responsibility for supporting the learning of others e.g., new staff, graduates, nursing students, within the clinical area.
Te Tiriti o Waitangi	 Remains focused on the pursuit of Māori health gain as well as achieving equitable health outcomes for Māori. Supports tangata whenua and mana whenua-led change to deliver mana motuhake and Māori self-determination in the design, delivery and monitoring of health care. Actively supports kaimahi Māori by improving attraction, recruitment, retention, development, and leadership.
Equity	 Commits to helping all people achieve equitable health outcomes. Demonstrates awareness of colonisation and power relationships. Demonstrates critical consciousness and on-going self-reflection and self-awareness in terms of the impact of their own culture on interactions and service delivery. Shows a willingness to personally take a stand for equity. Supports Māori-led and Pacific-led responses.
